Channel lineup current as of 11/9/2026. Users of Flight Video service are required to lease an EVO Force 1 device or supply their own compatible Internet connected device, on which they may download the Flight Video app and stream the service. Subscription to Flight Video programming package and Internet speed of 6 Mbps per stream are required to receive Flight Video service. Not available on all streaming devices. Please note, access to channels may vary based on device and subscription selected. Quality of stream may vary depending upon a variety of factors, including the environment, number of devices connected to your Internet, age of device, and the type of device used for streaming. In the event you experience an interruption in your Internet connection, Flight Video will be affected. Catch Up and Start Over are enabled/disabled on an individual show and/or network basis dependent on allowances in content agreements. Recordings on Cloud DVR will be deleted after 1 year. Flight Video product details, channel lineups, pricing, and availability are subject to change. Must be an Internet subscriber. Additional restrictions may apply.
